Q20

### Read the passage carefully and answer the following questions Q15 to-Q19.

It was the first day of school. When I stepped into the hall, I found myself searching for where my new classroom. Some other pupils were also walking around hesitantly, looking for their new class rooms.

Fortunately, the teachers were on hand to help guide us quickly to where we should all be. I sat down with my new classmates and took out a story book from my bag to read, just as I had done every year as a student in another school.

Later, our new Form Teacher led us to our new classrooms. He spent some time telling us all about the class and school rules. Then, we played a game where we got to know our classmates better.

During recess time, some of my new classmates showed me around a few of the interesting places around the school. They also recommended their favourite food stalls in the canteen. I liked the noodles stall the most as the soup was really delicious!

At dismissal time, one of my classmates who lives near my home showed me which bus queue to line up at. The school bus moved off on time and I had a good chat with her during our journey home. It was a very eventful day for me!

#### Section G: Comprehension Passage 2 (8 marks)

Read the passage carefully and answer the following questions.

It was Chinese New Year again! Ricky was very excited when he woke up.

Unlike the usual school day, he was more eager to brush his teeth and get dressed quickly. This morning, he would get to visit his relatives while feasting on delicious meals!

With his parents leading the way, Ricky and his sister travelled to his grandparents' home in the Bedok area. They took the MRT train from Outram MRT station and encountered a large crowd there. The family could hardly stay together as they struggled to reach the platform to board the next train.

When the train arrived, Ricky quickly squeezed ahead and managed to get into the carriage. The warning bell sounded and the doors closed before the train moved off. Suddenly, Ricky heard some shouts from outside the doors. To his horror, he recognised his father's voice and realised that he was the only one from his family who had boarded the crowded train. It was too late to get off now!

At the next stop at Tanjong Pagar station, Ricky decided to alight. He hoped to catch his family on the next train. After several minutes of waiting, the train pulled into the station. Ricky searched around anxiously before thankfully finding his father, who had alighted to look for him as well.

Ricky had learnt his lesson to be more careful in the future whenever he was in a crowded place.
