

**Primary Two Mathematics**

**Review Assessment 2**

**Units 4 to 8: Addition & Subtraction**

**Multiplication & Division**

Name: \_\_\_\_\_ (     )

Date: \_\_\_\_\_

Class: Pr 2 (     )

<b>Your Score Out of 30 marks</b>	
<b>Parent's Signature</b>	

**Section A (5 x 1 mark)**

**Choose the correct answer and write its number in the brackets provided.**

1. 4 groups of 5 is the same as \_\_\_\_\_.

(1)  $4 + 5$

(2)  $5 + 5 + 5 + 5$

(3)  $4 + 4 + 4 + 4$

(4)  $5 + 5 + 5 + 5 + 5$

(     )

2. Mrs Loh puts 24 flowers equally into some vases.  
Each vase has 3 flowers.  
How many vases does she need?

- (1) 8                      (3) 24  
(2) 9                      (4) 27                      (     )

3. After selling 148 tarts, a baker had 95 tarts left.  
How many tarts did he have at first?

- (1) 53                      (3) 233  
(2) 143                      (4) 243                      (     )

4. Sammi has 4 bags of candies.  
There are 3 candies in each bag.  
How many candies does she have altogether?

- (1) 7                                      (3) 12  
(2) 9                                      (4) 15                                      (     )

5.  $16 \div 2 = \boxed{\phantom{000}} \times 2$

- (1) 16                                      (3) 8  
(2) 14                                      (4) 4                                      (     )

**Section B (8 x 2 marks)**

**Work out these questions carefully and write the answers in the boxes provided.**

6. There were 624 men at a party.  
There were 187 fewer women than men.  
How many women were there at the party?

7.  $5 + 5 + 5 + 5 + 5 + 5 =$   groups of 5.

8. Divide 18 teddy bears into groups of 2.  
Write a division equation to show the number of groups of bears.

$$\square \bigcirc \square = \square$$

9. Use only the numbers below to form a **division** equation.

$$\square \bigcirc \square = \square$$

10. 2 groups of 10 =  $\square$  X 10  
=  $\square$

11. I am thinking of a 2- digit number.  
When I divide this number by 3, I get 5.  
What do I get when I add 4 to this 2- digit number?

12. Jean collected 243 stickers.

She collected 157 fewer stickers than Amelia.

How many stickers did Amelia collect?

13.  $9 \times 10 =$   less than 100

**Section C (3 x 3 marks)**

**Show all number equations and working clearly in the space provided.**

14. Mrs Yeo baked 350 cakes. Then, she bought another 188 cakes.

a) How many cakes did she have in all?

She had \_\_\_\_\_ cakes in all.

b) After giving away some cakes, she then had 260 cakes left.  
How many cakes did she give away?

She gave away \_\_\_\_\_ cakes.

15. Amy has 79 kittens. She gives away 43 kittens.

a) How many kittens does she have now?

She has \_\_\_\_\_ kittens now.

b) Amy then puts the rest of the kittens equally into 4 baskets.  
How many kittens are there in each basket?

There are \_\_\_\_\_ kittens in each basket.

16. A notebook cost **twice** as much as an eraser.  
Ethan bought 1 notebook and 2 erasers for \$16.

a) How much did **one** eraser cost?

One eraser cost \$ \_\_\_\_\_.

b) How much did **one** notebook cost?

One notebook cost \$ \_\_\_\_\_.

# ANSWER SHEET

EXAM PAPER 2016 (P2)

SCHOOL : RAFFLES GIRLS' PRIMARY SCHOOL

SUBJECT : MATHEMATICS

TERM : SA1

## Section A

Q1	Q2	Q3	Q4	Q5					
2	1	4	3	4					

## Section B

Q6)  $624 - 187 = \underline{437}$

Q7)  $5 + 5 + 5 + 5 + 5 + 5 = \boxed{6}$  groups of 5.

Q8)  $\boxed{18} \div \boxed{2} = \boxed{9}$

Q9)  $\boxed{27} \div \boxed{3} = \boxed{9}$

Q10) 2 groups of 10 =  $\boxed{2} \times 10$   
=  $\boxed{20}$

Q11) 19

Q12)  $243 + 157 = \underline{400}$

Q13)  $9 \times 10 = \boxed{10}$  less than 100

## Section C

Q14

(a)  $350 + 188 = 538$

She had 538 cakes in all.

(b)  $538 - 260 = 278$

She gave away 278 cakes.

Q15

(a)  $79 - 43 = 36$

She has 36 kittens now.

(b)  $36 \div 4 = 9$

There are 9 kittens in each basket.

Q16

(a) 1 notebook = 2 erasers

$$\begin{aligned}\text{Total number of erasers} &= 2 + 2 \\ &= 4\end{aligned}$$

$$\begin{aligned}\text{Cost of one eraser} &= \$16 \div 4 \\ &= \$4\end{aligned}$$

One eraser cost \$4.

(b) Eraser = \$4

$$\begin{aligned}\text{Notebook} &= \$4 \times 2 \\ &= \$8\end{aligned}$$

One notebook cost \$8.
