Greg was a well-known baker in the neighbourhood. He was consciencius and

(2)

was always up before dawn to bake the pastries that his bakery was famous in.

(3)

The most popular of these be the chocolate bread, "Chocomon". Greg claimed

(4)

that a special vacuum-sealing process helped to keep the dough fresh. On his

(5)

(6)

kallaander, he marked out every twelveeth of the month as the oven specialist

(7)

would come over to perform manteenace on his ovens. Since the ovens would not

(8)

be at peak efficient, he would close the bakery that day and take a day off.

G

(9)

However, one rainy December morning, the bakery was struck through an

unexpected power outage. Greg was unable to use the ovens for several days, so

(10)

he decided to take a short beach holiday. Apart from relaxed by the beach with

a book, he also tried out activities like hiking and fishing. Feeling rejuvenated,

he returned to his bakery with fresh ideas for his pastries.

Having adequate sleep is important for our well-being. This is true not only for adults but
 (11) for children. Rafael Pelayo, a famous sleep expert, says that a lack of sleep can
 lead to a range of (12), such as difficulty focusing on tasks, poor mental well-being
 and lower immunity, where one becomes more (13) to illnesses.

Pelayo explains, "Sleep is as (14) about rest as it is about development."

During sleep, crucial brain development (15), especially during childhood and
 adolescence. (16) it is a young child or a teenager, sleep makes the brain function better
 and make learning new knowledge and skills easier.

Sleep and mental health are also (17) to be closely linked. On one

(18), insufficient sleep can affect mental health. On the other, if one has a mental
 health issue, it usually shows up as a sleep-related symptom (19) one's sleep is

affected. For instance, a poor sleep pattern is often a sign (20) a condition like
 depression. Tackling sleep issues is then an important step to (21) mental well-being.

Unfortunately, many children do not receive an (22) amount of sleep.

Increased access to devices can mean that children stay up (23) than they should.

This is certainly worsened if they have excessive homework to (24) before they can go

to bed. As a start, Pelayo suggests that parents model (25) sleep habits and establish

regular study and bedtime routines. It is important to prioritise children's sleep to support their overall
 well-being.
